CASE AND DIALOGUE

Disagreement over tasks

Session date: 14.10.2026 (UTC)

Test simulation: responses are not from a live model.

Format and difficulty

Conflict + negotiation · Medium

Context

Colleagues discuss an urgent handover. Comments about reliability are putting personal boundaries under pressure.

Your role

Project team member

Conversation partner

Alex · Project colleague

Conflict goal

Discuss disagreement without personal labels or pressure.

Negotiation topic

The deadline, scope and handover of project materials.

Known facts

- The project deadline is the end of this week.
- The remaining workload has not been estimated.
- No additional team member has been assigned.

Full conversation

01 · Partner · Alex

You are leaving this decision to me again. Why should I consider that fair?

02 · Player · You

A concrete proposal.

03 · Partner · Alex

I understand your position. I also need us to consider the impact on my team. I heard: "A concrete proposal.".

04 · Player · You

A concrete proposal.

05 · Partner · Alex

I am willing to discuss this, but I need to understand how your proposal addresses my main concern. I heard: "A concrete proposal.".

06 · Player · You

A concrete proposal.

07 · Partner · Alex

That is more specific. Who will check the result? I heard: "A concrete proposal.".

AFTER THE DIALOGUE

Your review

Educational guidance from an independent prototype. This is not an official score.

What happened

This is a simulated review used to check the interface, not an evaluation by a live model.

Strengths

«A concrete proposal.»

This turn is stored in the history. Substantive coaching is not performed in test mode.

Next move

Connect the API model to receive feedback on the actual dialogue.
